### Admiral Collingwood

*A truly heroic cheese! This semi-soft cheese is washed in Newcastle Brown Ale. Once ripe it is smooth and succulent, melting on the tongue with the tangy after taste of ale.*

### Darling Blue

*Delicious blue cheese with real character. Another cheese of great character named after a Northumbrian heroine Grace Darling, this is Doddington's only pasteurised milk cheese. Darling Blue has a naturally moulded rind, it is matured for around three months and is a creamy full flavoured blue cheese.*

### Doddington

*Doddington Cheese is classed as a British territorial cheese, which lies somewhere between a Leicester and a cheddar. Exceptional flavours most notably sweet caramel and nutty characteristics, a cheese for true food lovers and cheese officianados.*

### Smoked Cuddy's Cave

*Named after the local cave, where it is said that St. Cuthbert's body was hidden to escape the Viking invasion. It is a mellow and succulent Dales style cheese. It's flavours are rich, mellow and satisfying creamy once matured.*
